

## CREATING ASSIGNMENTS TO HELP STUDENTS MEET LEARNING OUTCOMES

This worksheet aims to help faculty clearly link assignments with student learning outcomes. It is important to think through as an instructor - and explain to your students -- how small assignments might help students successfully complete a larger assessment (research project, presentation, final paper). This helps students understand the learning process and the value of their work.

### Student Learning Outcome # 1:

**Assessments** (exams, tests, quizzes, papers, presentations) that provide an opportunity for students to **demonstrate accomplishment** of this outcome:

**Assignments** (worksheets, papers, informal exercises, presentations) that **build students' skills** toward this outcome:
